AnB Education has my highest recommendation professionally.”

From Tony Balistrere, Principal, Berks Catholic High School

“AnB Education has given me tremendous support and care throughout the entire school year. It was very challenging for me to live abroad all by myself but with AnB Education, I know I have someone to speak to whenever I have difficulties. This enabled me to focus all my attention on studies. I’d also like to express my appreciation to my host mom who always shares with me about American culture, and takes me to visit interesting places.”
