Conestoga Christian School develops each student in body, mind, and spirit by integrating faith and knowledge. Illuminating God's role in the design of the universe encourages students to embrace His presence in their own lives and to live every moment—even those small moments when no one is watching—with Christ-like character. From a multi-disciplinary, experiential curriculum in elementary school to a progressive technology program seen throughout the campus—and everything in between, from diverse electives, to competitive athletics, to professionally produced musicals—students learn more than themselves, their world, and their faith at Conestoga Christian School. While some Conestoga Christian graduates join their family businesses or transition into the work force, many enroll in colleges across Pennsylvania and around the country. There, as students, leaders, and disciples, they excel
