Escondido Adventist Academy is a Adventist school attached to the Adventist Church, founded in 1903 and developed in 1983 into a complete school from Kindergarten - Grade 12. Located in the city of Escondido, the school is the first private school in the region to offer AP courses in a variety of cultural backgrounds, as long as it respects and understands the spirit of the Seventh-day Adventist Church. The school has always been committed to providing students with comprehensive development, not only excellent academics, but also healthy body and spirit.

Community

Escondido Christian School is located in Escondido, San Diego, California, a Pacific coast city in California. Located in the extreme southwest corner of the United States, it is famous for its warm climate and many beaches. The area has good security and a beautiful environment. On the economic front, San Diego is the third-largest city in California's economy, with economic strength second only to Los Angeles and San Francisco. San Diego has a well-developed education with 547 schools, including 368 primary schools, 60 high schools, 8 professional education schools, and 8 universities. Next to the University of California and the University of Southern California (30 minutes drive).
